**The Evidence Is In—What Will the Verdict Be.**

With a sensational and dramatic exchange of charges and replies between Parker and Roosevelt, one of the most remarkable Presidential campaigns of recent times is closed. It was a whirlwind finish and the unusual features of a candidate attacking his opponent in office and forcing him into making a direct reply and followed by a rejoinder was a novelty. If there has been a mistake made, it is that Alton B. Parker did not make his appearance upon the public platform sooner than he did.

However, the evidence is in, and the people of these United States will hand down the verdict to-day. What will it be? Are we to go on with the seizure and occupation of distant lands, of the subjugation of a defenseless people and the establishment of colonies to be governed outside of the constitution by executive orders and decrees, all for the benefit of adventurous speculators who have no regard whatever for the rights of conquered races; governing a people without their consent; to raise the present high rate of taxation and enormous public expenditures; to foster trusts, and to have negro equality? This will be the verdict if the belligerent Roosevelt is elected.

If, on the other hand, that able, fearless and incorruptible Statesman, Alton B. Parker, is elected, you are assured that the Democratic platform will be carried out to the letter, and that under our governmental management Democratic conservatism and care shall rule the National councils to the exclusion of rash impulse and spectacular demonstration—you will have rest, genuine prosperity, safety and a return to the way marked out by the Constitution.

The Democratic party stands for obedience to the constitution and the laws on the part, not only of public officers, but of private citizens; it stands for economy and honesty in the expenditure of the public money; for a moderate and just system of taxation upon the people; for the protection of the liberties of the people by equal and just laws fairly and impartially administered and for a strict observance of our international obligations without regard to the strength or weakness of our opponents. And this is the interpretation of the verdict that will be signed by the people to-day if they elect Alton B. Parker President of these United States, and we believe this will be the verdict of the great common people. Let us, at least, do our signing by voting early with a stamp in the circle under the rooster.

**Election Returns at the Opera House To-Night.**

The East Tennessee Telephone Company has made special arrangements with the management of the Paris Grand Opera House to receive and report returns from the Presidential election, Tuesday night, November 8.

There will be telegraph and telephone instruments installed, on the stage at the Opera House, which will have direct connection with Nashville. Then Nashville will be connected direct with New York, and there will be no delay in getting the news.

This company has gone to considerable expense to secure the best and quickest results on this occasion, and the only charge will be 25 cents for general admission.

Plenty of music and other attractions, while you wait.  
The house will be conducted in an orderly way and under the management of J. J. Veatch, manager of the East Tennessee Telephone Company. It

**The Postal Card Canvass.**

The final postal card canvass of the Brooklyn Eagle gives Parker a plurality of 180,071 in Greater New York, which it claims will give him a plurality of 75,421 in the entire State. It is also claimed by certain Democratic managers that the Republicans out in the State have stuffed the registration lists with 50,000 false names, and that steps will be taken to prevent the voting of the names.

**Hager's Final Estimate.**

Judge Parker's majority in Kentucky is placed at 20,000 in a final estimate which issued Saturday night by the Democratic State Campaign Committee. Judge S. W. Hager, the chairman, gives every district but the Eleventh to the Democrats by majorities ranging from 700 in the Third to several thousands in others. F. J. Herrman, of the Louisville committee, puts the Democratic majority in Jefferson county at 4,000.

**A Pin Causes Insanity.**

Julia Dawson, aged 40, colored, became insane on the streets of Owensville, Saturday, and attacked a party of men, who escaped by taking refuge in a drugstore. The woman attempted to follow them and broke a glass in the door in her fury. She was finally subdued and placed in jail. Her insanity is attributed to a pin, which, it is said, she swallowed several years ago, and which worked out through the top of her head.
